### Product Manager

Solera Life Sciences Private Limited · Internship  
2020 - 2020 · Less than a year

- Documented the functional and technical requirements of new features, researched 50+ competitors...

 Data Visualization and Analytical Skills

As a Product Manager at Solera Life Sciences Private Limited, I was responsible for the product lifecycle from ideation to launch. I worked closely with the engineering and marketing teams to ensure the product met the needs of the target market.

I was responsible for conducting market research, identifying customer needs, and defining the product roadmap. I also worked on the product launch strategy and executed the launch plan.

I was responsible for monitoring the product performance and gathering feedback from customers. I used this feedback to make improvements to the product and ensure it was meeting the needs of the target market.

I was responsible for the product lifecycle from ideation to launch. I worked closely with the engineering and marketing teams to ensure the product met the needs of the target market.

I was responsible for conducting market research, identifying customer needs, and defining the product roadmap. I also worked on the product launch strategy and executed the launch plan.

I was responsible for monitoring the product performance and gathering feedback from customers. I used this feedback to make improvements to the product and ensure it was meeting the needs of the target market.
